Aurora, CO 80018

My name is Gustavo Andrés Gómez, Master Plumber and Owner of GG Company LLC, a licensed (Master Plumber and Plumbing Contractor) and insured plumbing company serving the state of Colorado. I am pleased to introduce my company and the services we provide, particularly for new residential construction projects, remodels, and plumbing installations.

Over the past several years, I have gained extensive hands-on experience working with reputable home builders and contractors throughout Colorado, including **Richmond Homes, D.R Horton, Tri- Pointe, Toll Brother, Taylor Morrison, Lennar Homes and Meritage Homes**. My background includes full project installation for new construction homes, from under grounds, rough plumbing and gas lines to trim, final fixture installation, testing, and inspection. My approach is defined by precision, compliance with code, proactive communication, and reliability throughout every phase of the project.

At GG Company, we take pride in:

- ☒ Providing high-quality craftsmanship backed by industry-standard practices.
- ☒ Ensuring clear project coordination, job planning, and schedule alignment.
- ☒ Maintaining consistent jobsite professionalism and safety protocols.
- ☒ Delivering work that passes inspection the first time, without delays.

In addition to field execution, I have strong experience leading and managing crews, hiring and training team members, and aligning labor resources to meet project demands and timelines. This allows GG Company to scale efficiently depending on project size and schedule requirements.

We are currently seeking new partnerships with general contractors, investors, and residential developers in Colorado who value quality, responsibility, and long-term collaboration.

I would welcome the opportunity to discuss your upcoming projects and how GG Company LLC can support your plumbing needs with dependable service and competitive pricing.

Thank you for your time and consideration.
